SUBJECT: LARGE KM WATER PUMP MOTOR CHANGE

Beginning with the April production of service pumps S-0731 and HS-0178 the manufacture of the motor has been changed from Panasonic to SPG. This motor is also used on other pumps such as the S-0730. The Panasonic motor and SPG motor are interchangeable and both are currently being used.

This new pump assembly is a direct drop in replacement and will not affect the operation of the unit.

If you have any questions please contact Technical Support at Techsupport@hoshizaki.com or 1-800-233-1940.
