### **Subject: PA0613 water pump subs to SP-0613 water pump**

Beginning **March 2026**, the **PA0613 water pump kit** will be updated to **SP-0613 water pump kit**. The changes to the kit are **minor**, and both kits are **fully interchangeable**.

#### **Reason for the Change:**

##### **1. Service parts standardization**

This update retires the legacy part number and aligns the kit with our current **standard service part numbering format**.

##### **2. Capacitor part number update**

You may notice the capacitor part number changing from **443192-03** to **4A6435-03**. Both capacitors have **identical specifications** and are **fully interchangeable**. Depending on inventory availability, the **SP-0613 kit may include either capacitor**.

No changes to fit, form, or function are associated with this update.

If you have any questions concerning this change, please contact the Technical Support Department at [tech-support@hoshizaki.com](mailto:tech-support@hoshizaki.com) or 1-800-233-1940.
