SUBJECT: PUMP MOTOR REPLACEMENT WIRING

To assist in rewiring a replacement pump motor assembly, we are providing the following generic diagram and wiring color code.

This diagram applies to KM-451/601/631/1201 single outlet pump assemblies.

This diagram applies to all dual outlet pump motor assemblies as listed below.

KM-250B_C/M_B, all KM-450 through KM-2400 models.
NOTE: See unit wiring diagram for KM-250B_B/M_E.
