SUBJECT: URC-24C Wiring Diagram

The URC-24C remote condenser is designed for use with the KM-2400 SRB 3 unit. A complete wiring diagram is located on the control box of the KM-2400SRB 3. This diagram shows an abbreviated version of the remote condenser wiring. Since there is no separate wiring diagram located on the condenser itself, there may be some confusion if motor replacement is necessary.

Use the following wiring diagram for the URC-24C remote condenser.

Note:

* Fan motor part number 440517-01

** Capacitor part number 439705-01 (15MFD / 240V)
